

CORPORATE PROFILE

Sangsangwoori AI

Bridging the Gap: Where Senior Experience Meets AI Innovation for a
Social-Economic Structural Transition.

South Korea's demographic shift demands a structural AI transition for seniors

10M+

Elderly Population in 2026

68%

Seniors with AI Experience

95pt

User Satisfaction Rate

Beyond digital exclusion, the "I.N.F.R.A" trend (Infrastructure for Seniors) is becoming the dominant paradigm in 2026.

Empowering seniors to lead social-economic value creation via AI technology

Our Vision

We transform decades of professional expertise into digital capital. Sangsangwoori AI isn't just about teaching tools; it's about integrating senior wisdom with the speed of AI to solve real-world B2B problems.

- High-end Matching Hub for Specialists
- Digital Agency for SMEs & Social Enterprise
- Sustainable Capacity Incubation

A multi-layered ecosystem: Matching, Agency, and Incubation

Expert Hub

Verifying and matching senior AI lecturers and consultants with regional welfare centers and private sectors.

B2B Agency

Providing AI-driven business solutions for social enterprises and small business owners through verified consultants.

AI Campus

An LMS ecosystem featuring micro-learning and peer-to-peer feedback to ensure continuous tech updates.

| Systematic frameworks drive customized curriculum development

AI Education Development Framework

We analyze the characteristics of target audiences and combine various AI tools (ChatGPT, Midjourney, etc.) to derive optimal education paths.

Key Diagnostics:

- CIG16 (Career Insight Guide 16 types)
- Personal Financial Management Diagnostic
- Digital Literacy Readiness Assessment

SOCIAL IMPACT

Established network across Seoul's digital plazas

From Eunpyeong to Gangnam, we are building the digital companion infrastructure for 10 million seniors.

- **Seoul Digital Companion Plaza** (Gangdong, Dongdaemun, Dobong)
- **Gangnam-gu** (Digital Literacy Manager Project)
- **Eunpyeong-gu** (AI Deep Learning Lecturer Training)

| Scaling the platform to become a national infrastructure

Launch

Establishment of AI Special
Website & Core Matching
System

Optimization

Implementation of AI-driven
personalization in LMS &
Matching

Expansion

Nationwide deployment to
local welfare centers & B2B
Agency scaling

Leadership

Acquisition of Global Digital
Accessibility Certification
(WA)
